- Network Load Balancer
- Application Load Balancer
- EC2 Auto Scale Group
- EMR Job Flow
- Entity Status
- ElastiCache Cache Node
- Rds\_dbinstance
- Lamda
- Redshift Cluster
- Redshift Node
- Workspace
- ECS Cluster
- ECS Service
- DynamoDB
- S3 Bucket
- VPC Nat Gateway
- Dax Cluster
- Dax Node
- Direct Connect
- Health Check
- ElastiCache Cache Cluster

## Compatibility

vRealize Operations Manager 7.0 and later.
